Teacher & Student Instructions

Teacher Notes

- Use these graphic organizers to help your students review for the AP Exam
- In the top boxes, fill in your essential questions for each unit, or have your students do it!
- Ask them to think of specific examples or sources they may have used during the year, focused on cultural aspects
- Use these colorful slides for students who are working on-line
- Use the plainer version for students who are in person or prefer paper copies
- I wish I had given these out at the beginning of the year! I could have used these as study guides for each unit, and they would be done in the spring!

Instrucciones

- Rellena estos organizadores gráficos para repasar antes del Examen AP.

Feedback From Other Teachers

This is perfect for reviewing at the end of the year! Next year I plan to use them all year to wrap up each unit. There are also great ideas for how to use them and include students in the review process.
